23 January 2019

Dear Parent/Carer

All of Year 7 have recently been formally assessed as part of our ongoing teaching and assessment plan. I am pleased to report that the majority of pupils are working hard and are achieving higher standards. In order for us to continue to push all pupils and ensure as many as possible achieve their full potential, with effect from Monday 28 January there will a number of set changes in the Maths Department.

Not all pupils will change group, however the changes will mean your child will be in a group with pupils of similar ability. This will enable teachers to target their teaching at the correct level and address any areas of weakness. Teachers will continue to challenge and engage pupils and will have high expectations of them regardless of their mathematical ability. Our expectation is that everyone achieves and we will settle for nothing less.

Further changes may be required in the future, as we constantly look to ensure that your child is given the opportunity to achieve their full potential.

Please do not hesitate to contact me on the school number above if you have any concerns or questions.

Yours sincerely

A handwritten signature in black ink, appearing to be 'M Hayton', with a long horizontal line extending to the right and ending in a small circle.

Mr Hayton
Head of Mathematics
